(TTIC)

Subcommittee on Export Control
(EXCON)Subcommittee on Exchanges
(COMEX)TTIC-M-292-87
18 June 1987MINUTES OF THE FIFTY-THIRD TTIC MEETING--16 JUNE 1987

1. Minutes. The minutes (TTIC-M-282-87) of the May meeting were approved. [REDACTED]

25X1

2. INR Sponsored Training Seminars. INR is working with The Futures Group to prepare eight technology seminars designed to provide a basic understanding of significant military technologies. The seminars will address materials, lasers, telecommunications, sensors, microelectronics, signal processing, robotics, and computers. Members are invited to attend the sessions. [REDACTED]

25X1

3. COCOM HLM. The SIG/TT discussed US positions on information sharing, third country cooperation (encourage COCOM partners to use procedures available in non-COCOM countries), enforcement (obtain agreement to stop and detain suspect shipments), and streamlining (obtain further agreement on streamlining using the UK proposal). [REDACTED]

25X1

4. Indonesia Study. After discussing the draft study, members agreed to review a recirculated draft which contained suggested changes. [REDACTED]

25X1

5. Project CASTAR. [REDACTED] Chairman, CASTAR Steering Committee, provided a brief overview of the project status. He said that two proof-of-concept studies and several technical reports have been completed. A contractor has been selected to upgrade the methodology for identifying technologies required from the West for Soviet weapon systems. A draft TTIC report is being prepared which will discuss the methodology and the results of the two proof-of-concept studies. [REDACTED]

25X1

6. COMEX. [REDACTED] Chairman, COMEX, provided a brief review of COMEX activities which included meeting with [REDACTED] to discuss the Academic Advisory Panel, completing the IREXers, and reviewing US-USSR S&T bilaterals in basic sciences, space, and transportation. [REDACTED]

25X1

25X1

25X1

7. TVWG. [REDACTED] Chairman, TVWG, noted that the working group is continuing to [REDACTED] by sending more draft demarches to State for consideration, addressing some foreign policy issues, and reviewing papers on the demarche process and on the potential for diversion from customs sealed trucks in Europe. [REDACTED]

8. CIA/TTAC Briefing. [REDACTED], in his role as Chief, TTAC, introduced the briefing topic - Soviet requirements for Western technology: a forecasting methodology. [REDACTED] TTAC, presented the methodology and the initial results of examining Soviet requirements for microelectronics equipment and technology. The briefing elicited considerable discussion about the methodology, relationship to the MCTL, comparison with Project CASTAR, and use of the results in STEM studies. [REDACTED]

25X1

25X1

25X1

9. Export Control Law Studies. [REDACTED] CIA/OGC, stated that the export laws and regulations of a number of non-COCOM countries had been translated and analyzed for strengths and weaknesses. A more in-depth study
